Set details:

There will be a free-standing door + frame that can be moved to locations 1 through 4 on the set, depending on where you want your entry into the house to be. Or you may use the doorway 5 if you prefer.

The extension that has been added downstage right, will accommodate the table and chairs if you prefer to switch positions with the loveseat/armchair.

Please note: the table dimension is 4' x 3'.

We have chosen not to have a coffee table on this due to size of playing area (you'll see what we mean when you step on our stage!). If you feel you need a coffee table, please feel free to bring one along.
